

Level 1 Award in- Principles of Health & Safety in the Workplace (QCF)

Course Name	Level 1 Award in Principles of Health and Safety in the Workplace (QCF)
Duration	Four (4) Guided Learning Hours
Qualification	<p>The Level 1 Award in Principles of Health and Safety in the Workplace (QCF) is a qualification intended for learners working in any environment, including Retail, Office, Manufacturing, Food premises and the Care environment. It is also suitable for those who are returning to work or starting work for the first time.</p> <p>Learners gaining this qualification will know that Health and Safety is the responsibility of everyone within a business, including contractors, visitors and supplier.</p> <p>With the constant changes within Health and Safety legislation, it has never been more important to ensure compliance in this field. Contravening this legislation can result in prosecution, with the possibility of an unlimited fine or even imprisonment.</p> <p>All employers are required to have the correct systems in place to ensure a healthy and safe working environment for employees and any other people who may be affected by their business activities. Through achievement of one of our health and safety qualifications, employees will develop the appropriate knowledge and attitude to contribute to an organisation's continued compliance.</p>
Objectives	<ul style="list-style-type: none"> • Understand the importance of health and safety in the workplace • Understand the scope of hazards and risks in the workplace • Understand the range of workplace conditions that affect health and safety • Understand the requirements for workplace procedures
Introduction	
<p>Individuals gaining this qualification will gain a wide range of knowledge of dealing with Hazard situations that can quickly get out of hand, individual hazards that may present in the workplace and how to implement effective and necessary controls. Learners will also be equipped with the skills necessary for the effective supervision of staff. This course focuses on the importance of the management of a Safe and Healthy work environment within a business, which is an invaluable resource for those taking the qualification.</p> <p>This qualification is applicable to any private or public sector working environment. Individuals working towards this qualification will learn that supervisors and managers have legal and moral obligations to ensure the safety within a business. This to include a secure environment to work and that includes obligations to employees, contractors, suppliers and members of the public. They will also be able to take responsibility for ensuring the competency of the workforce and for identifying a hazard situation that could accrue. By employing an individual with this qualification, businesses can demonstrate their legal requirement to engage a 'competent person' by having staff trained to this level.</p> <p>This qualification has been developed specifically for insertion into the workplace. It is therefore fully relevant to industry and regulatory standards as well as being recognised by the Executive, independent auditors.</p>

Level 1 Award in- Principles of Health & Safety in the Workplace (QCF)

Guidance on Assessment

With Bydand subject matter experts in Health & Safety we have developed a robust and streamlined assessment to enable the best outcome for the learners which includes:

1- Practical observation

The practical assessment of learners for the qualification is completed throughout the course delivery. This ongoing assessment will involve learners demonstrating practical first aid skills across a number of areas. The recording of assessment will be submitted to one of the governing bodies

2- Written/Oral questioning

Learners maybe required to answer a series of questions ensuring their understanding of the theory content is sufficient to meet the required standard. Oral questioning can be used to extract further information for these questions during the practical assessments, with the tutor documenting the responses or when needing, to supplement learners' written responses, according to individual learners needs. The recording of assessment will be via our awarding body.

This qualification lasts the period of 1 year, at which point candidates will need to attend a refresher course to refresh their knowledge and be updated on new procedures.

Methods

The course will be a combination of presentations, discussions, working groups, walk-through talk-throughs, hands-on activities and simulated live exercises.
